PREFACE.

TIME, in his rapid flight, has completed about three years since our last Directory was issued, and for the *twelfth* time we present our humble volume to the public, hoping it may meet, as heretofore, the support of our citizens. How far it may prove correct, we will not with confidence say; we will only affirm that we have spared no pains to make it so; but a moment's reflection will convince any one that from the constant changes going on, it is not possible that a work of this kind can be issued entirely free from errors. In our miscellaneous department, some selections will, as usual, be found, which we trust may prove interesting. As it is often remarked that the preface of a book is never read, we have perhaps said enough, we will therefore, make our bow and retire.

Providence, June, 1850,

LIST OF STREETS, LANES, &c.

REFERRED TO IN THIS DIRECTORY.

[Carefully corrected in 1850.]

N. B. Where streets are said to run to the *water*, it will be understood as the waters forming the harbor; where they run to the *cove*, as the waters above Weybosset Bridge; and where described as running to the *river*, it alludes to Seekonk river.

STREETS ON EAST SIDE OF THE RIVER.

Abbott's lane, from 566 N. Main, running eastwardly.
Allen-street, from Allen's Print Works to Charles-street.

PROVIDENCE DIRECTORY.

N. B. In order to avoid needless repetitions, the word street is omitted in the direction—it will, however, be understood, that 10 Water, means 10 Water-*street*. Persons unacquainted in the city, in looking for numbers, will observe that the *odd* numbers are all on one side, and the *even* ones all on the other, on all streets except those running by the water side.

☞ Where two directions are given, the first is the place of *business*, the last the place of *residence*.

Aadler C. A. professor of music, cor. Eddy and Pine
Abbott Charlotte B. widow, corner Butler and South
Abbott George H. jeweller, 54 Friendship

CHRONOLOGICAL TABLE OF EVENTS CONNECTED WITH THE HISTORY OF PROVIDENCE.

1636. The first settlement of the Town was made by Roger Williams and five others; the land having been purchased of the Indians for a valuable consideration.

1640. A town government was this year organized by the appointment of five "Disposers."

1643. Roger Williams sailed from New York to England, to procure a Charter of Incorporation for the colonies of Rhode Island and Providence.

1644. Mr. Williams having obtained a Charter, returned with it by the way of Boston.

1647. The first General Assembly, or "General Court," was held at Portsmouth, May 16th of this year.

1650. The General Assembly, anticipating trouble from the Indians, passed an order for the towns to furnish themselves with arms and warlike stores.

1651. During this year Mr. Coddington returned from England with a commission appointing him Governor for life, which put an end to the then existing government; but the inhabitants being dissatisfied with his conduct, appointed Roger Williams and Dr. John Clark to visit England, to procure a new Charter.

1652. Mr. Williams and Dr. Clark having fulfilled their appointment, returned with the orders of the Council, vacating Coddington's commission, and re-uniting all the towns under the Charter.

1654. All the towns having re-united, under the Charter, a General Election took place at Warwick, September 12.—The first recorded military election took place in Providence this year; laws were passed regulating the sale of liquors; a prison and a pair of stocks were ordered to be built in Providence. All the inhabitants were required by the Court of Commissioners to sign a submission to the Protector and the Parliament. The number of freemen in Providence, this year, was forty-two.

1656. A law was passed regulating the publication of marriages. At a town meeting this year, a fort was authorized to be erected on Stamper's hill.

1657. Mr. Williams having charged William Harris with high treason, he was put under bonds for £500—but was never tried.

1658. The town, though strongly urged by the Commisioners of the united colonies, steadfastly refused to banish such Quakers as were here, or to prohibit others from coming; and consequently became a city of refuge for that persecuted class.

1659. On the accession of Charles II. a commission was

ordered by the General Assembly to be sent to Mr. Clark in England, to procure a renewal of the Charter from that monarch.

1662. Regulations were made respecting the conveyances of land in writing, which had hitherto been generally neglected. A bridge was ordered to be built over the Moshassuck river, probably at or near what is now called Randall's bridge.

1663. The Charter from King Charles II. having arrived, great preparations were made to celebrate its reception in due form. Commissioners from all the towns met at Newport for that purpose, and the Charter was read and exhibited to the vast assembly present.

1664. At the October session of the General Assembly, a tax of £600 was ordered, of which £100 was on Providence.

1665. Roger Williams was authorized to receive tolls for passing Weybosset bridge, he having engaged to keep it in repair.—Toll was exacted from strangers, and "of townsmen what they are free to give."

1666. Nothing was paid from, or received in the Town Treasury.

1672. Roger Williams held a public disputation with three Friends or Quakers, which continued for three days at Newport, and one in Providence. Members of the General Assembly were, for the first time, required to take an oath or affirmation on commencing their official duties.

1676. Thirty houses in Providence were burnt by the Indians. King Philip, who was the master spirit among all the tribes, was killed in battle this year, and peace restored.

1678. A ferry was established across Seekonk river, where Central bridge now is.

1681. Riding on the gallop in "Providence-street," between what is now Canal market and Transit-street, was prohibited this year.

1686. Sir Edmund Andross arrived in New England as Governor of all the colonies. This was the most gloomy period in the history of New England.

1695. The General Assembly ordered a prison to be built in Providence.

1700. The burial ground at the norrh end of the city was established.

1703. The colony was divided into two counties,—Providence Plantations and Rhode-Island.

1710. The emission of paper money was authorized by the General Assembly, for the first time in this state.

1716. The town was visited this year by the small pox.

1727. Governor Cranston died this year, having been elected Governor twenty-nine years in succession. Governor Jenckes having been chosen his successor, moved with his family to Newport, as all his predecessors had resided there. George II. was proclaimed king in this town, from the balcony of the late Manufacturers' hotel.

1730. The population of Providence this year was 3,916.

1739. A public ferry was established where Washington bridge now is.

1744. The General Assembly granted a lottery to raise funds for building a bridge at Weybosset, which was built the next year, being eighteen feet wide.

1748. The population of the town this year was 3,452.

1754. The inhabitants of Providence petitioned the town for power to purchase a "large water engine."

1758. About two thousand of the king's troops were quartered in Providence during the months of April and May of this year. The old Court-house, together with the books of the Providence Library were destroyed by fire this year.

1761. Weybosset bridge was destroyed by a gale of wind, on October 24, and caused the highest tide "in the memory of man."

1762. The first printing office in this town was established by William Goddard; and the first play performed in New England was in Providence this same year.

1765. Spirited instructions were given by the town to its representatives, in the General Assembly, against the rights of Great Britain to impose taxes on the colony without their consent.

1766. Rhode-Island College established at Warren, but soon after removed to Providence.

1768. A large Elm tree near Olney-street, was dedicated as a tree of Liberty, and an address made by Silas Downer.

1772. The armed schooner Gaspee was destroyed in Providence river, early in the spring of this year; being the first open and armed opposition to British authority.

1774. Population of the town, 4,321. Number of dwellings 421. Families, 655.

1781. Gen. Washington visited Providence, and a formal address was delivered him by a committee.

1782. Population of the town, 4,306.

1783. The news of the restoration of peace was celebrated with great pomp in this town.

1787. The ship General Washington was the first that sailed from this state to Canton. The number of vessels (110) in this port exceeded that of New York.

1789. The anniversary of Independence and the adoption of the Constitution by nine states, were jointly celebrated on the 4th July. The festivities of the occasion were marred by the exhibition of strong disapprobation by certain individuals, to celebrating the adoption of the constitution to which they were opposed.

1790. The Federal Constitution was adopted by a state convention at Newport, in May, being the last of the thirteen States; which event was celebrated with great public demonstrations of joy. President Washington again visited Providence, and took lodgings at what is now called the "Mansion House."

1791. The Providence Bank was incorporated, being the firs in the State.

1792. The Weybosset bridge was re-built, with a draw to admit vessels to the Cove.

1797. The yellow fever visited the town. Business of all kinds was suspended. President John Adams visited the town in August, stopping at what is now Washington Hotel.

1800. The death of Washington was solemnized with a great display of funeral ceremonies, on 7th January, which was intensely cold. The General Assembly passed an Act establishing Free Schools.

1801. The south part of the town was ravaged by a disastrous fire, January 21.

1807. A great freshet occurred in February, destroying many bridges, mills, and dams.

1812. The news of the declaration of war against Great Britain, was received the 24th June, and was noticed by the tolling of bells, and displaying flags half-mast.

1815. Tidings of peace were announced here February 12, and the town was brilliantly illuminated. This year was signalized by the "great storm," unprecedented in its violence and destructiveness; it occurred on the 23d September.

1817. President Munroe visited the town, June 30, and put up at the now Mansion House.

1820. Population of the town 11,745. The streets furnished with lamps, and a public spirit awakened to improvements.

" James Burrill, jun., United States Senator from this State, died at Washington in December.

1824. The intelligence of the arrival of General La Fayette once more in this country, was received with great rejoicing. He visited Providence in August, and was received with the strongest testimonials of affection and regard.

1827. A Committee was appointed by the town to build the Dexter Asylum, who completed their work in 1830.

1828. Cove street was completed and a new bridge built by the Providence Washington Insurance Company.

1830. Population of the town was 16,842.

1831. A riot of four days continuance commenced September 21, during which time four men were killed.

" At a town meeting, November 22d, more than three-fifths of the votes polled were in favor of a City Charter.

1832. The City Government was organized, and Samuel W. Bridgham was elected Mayor. He retained his office till his death in December, 1839, and was succeeded by the present mayor, Thomas M. Burgess. The Asiatic Cholera made its appearance here in August.

1835. Boston & Providence Rail-Road completed.

1839. The public schools were re-organized under a new system.

1842. The Constitution, called "The People's Constitution,"

was adopted by a suffrage convention, January 12. The legislature, under this constitution, never held but one session.—Another constitution called "The Landholders' Constitution," formed by a convention, assembled under the authority of the legislature, was rejected April 21.

1843. The present Constitution, formed by a convention called by authority of the General Assembly, was declared to be established by a proclamation of the Governor, Jan. 23.

1846. April 1. Providence and Worcester Rail Road commenced; completed in the fall of 1847. Cost about $1,950,000.

1849. The Cholera this year caused the death of 156 persons in this city, while thousands were swept off by this fearful malady in other places.

1850. June 10. Public meeting called to consult on building the Plainfield Rail-Road.

James B. Angell, *Assistant Librarian.*

Lemuel H. Elliott, *Register and Steward.*

By the last Catalogue the number of undergraduates was 150.

LIBRARIES.

The College Library is in Manning Hall, and contains at present upwards of 23,000 bound volumes. A part of it was selected with great pains, and with excellent judgment by Professor C. C. Jewett, now Librarian of the Smithsonian Institution, who devoted a large part of several years to the purchase of books in several

countries of Europe. At the time the catalogue was printed in 1843, the Library contained 10,235 bound volumes. The Library fund yields $1500 per annum, $1200 of which are devoted to the purchase of books. A new catalogue is in the process of formation. In addition to the College Library, the Libraries of the Philermenian and the United Brothers' Societies comprise together upwards of 6000 volumes, making in all upwards of 29,000 volumes, accessible to all the students of the Univerity.

Friends' Yearly Meeting Boarding School,

Established in 1819.

This Institution is under the direction of a committee of the New England Yearly Meeting, who appoint Superintendents and teachers. The number of teachers varies with the number of scholars, who are taught in the various branches of an English education, including the Mathematics, and the Latin, Greek and French languages. Lectures are regularly delivered in Natural Philosophy and Chemistry, illustrated by experiments, and occasionally upon other subjects embraced in the course of study in the school. Through the liberality of a number of its friends, the Institution has recently received a valuable Mineralogical Cabinet.

The present Superintendents are Silas and Sarah Cornell; teachers in the male department, Charles Atherton and Moses C. Stevens. In the female department, Anna B. Paige and Anna Inman. Teacher of Latin and Greek in both departments, Geo. A. Pierce. Teacher of Drawing, Elizabeth Prosser.

Average number of pupils about 115.

Providence Atheneum,

Incorporated in 1836.

John Pitman, President; William S. Patten, Vice-President; John J. Stimson, Alexis Caswell, George Baker, Albert G. Greene, Alexander Duncan, Edward B. Hall, Philip Allen, jun., Robert H. Ives, Thomas L. Dunnell, Samuel W. Peckham, Henry A. Rogers, Abraham Payne, Directors; Henry Anthony, Treasurer; Albert J. Jones, Secretary; Thomas Hale Williams, Librarian.

The present number of volumes in the Library is more than 15,000. From the first Monday in April to the first Monday in October, the Library is open from 9, A. M. until sunset. During the remainder of the year, from 10, A. M. until 9 in the evening. The price of a share in this Institution is only $15, and the annual tax cannot exceed $5.

Public Schools.

The Public Schools in the city of Providence are placed by the laws of the State under the management of the School Committee, consisting of thirty members, who are annually elected by the City Council, and serve *without any compensation.* The experience of many years has shown, that the members of this Committee, each one feeling more or less heavily the pressure of his own private or professional business, cannot give that amount of time to the Public Schools, which an economical and successful management of them requires.

For ten years past the Committee have annually elected Nathan

Bishop, A. M. Superintendent of Public Schools, who also acts as Principal of the High School. He spends all his time in visiting the different Schools, exercising a careful supervision over them, and while passing from school to school, he aims to remove existing defects in the modes of teaching and management, and to introduce such improvements as his own observation and the progress of popular education may have shown to be useful. He also furnishes all necessary supplies, superintends all repairs, and in every practicable way promotes the improvement of the Public Schools.

There are at present established in the City forty-six Public Schools, in which are engaged one hundred and one Teachers; twelve gentlemen and eighty-nine ladies, who devote themselves faithfully to the instruction and government of their respective schools, which together contain about six thousand six hundred pupils.

These Public Schools are divided into four grades, viz:

1st. Primary Schools,	3d. Grammar Schools,
2d. Intermediate do.	4th. High School.

First Grade.—There are now established in the City *twenty-two Primary Schools*. These schools are designed for pupils from four years of age to six or seven, according to their advancement in learning. Each school is under the immediate government and instruction of two female teachers—a Preceptress and an Assistant, and usually contains about one hundred and thirty pupils. The teachers in these schools, besides teaching the elements of *Reading, Spelling* and *Arithmetic*, give their pupils much oral instruction of a familiar kind, suited to their age, with daily exercises in *Vocal Music*.

Second Grade.—There are *Eleven Intermediate Schools* established for children from six to eight or nine years of age, including those that were formerly in the first classes in the Primary Schools, and those in the lowest classes in the Grammar Schools. Each of these schools usually contains about one hundred and twenty pupils, who are under the instruction and management of two female teachers—a Preceptress and an Assistant. The scholars in these schools advance progressively to more difficult lessons in *Reading, Spelling* and *Arithmetic*, and begin to take lessons in *Writing* and *Geography*. *Vocal Music*, in these schools, is taught by a *professional Teacher*, employed by the School Committee.

Third Grade.—*Seven Grammar Schools* are now established in the City, for the instruction of scholars from eight or nine years old to twelve or fourteen. Each Grammar School, except the one for colored children, usually contains two hundred and thirty pupils, who are under the government and instruction of a Master and three Female Assistants.

In these schools the scholars use a new set of text books, which present more enlarged and accurate views of the branches they have already begun, and in these books continue their exercises in *Reading, Spelling, Writing, Arithmetic* and *Geography*, and commence *English Grammar*, the *History of the United States* and *General History*. Instruction in *Vocal Music* is given in these schools, and also in the High School, by a professional Teacher.

FOURTH GRADE.—One High School with two departments—one for boys and one for girls. Each department will accommodate one hundred and twenty pupils—making two hundred and forty in the school. The full course of studies in this school occupies *three years*, and in accordance with this arrangement, the boys are divided into three classes of forty each, and placed in separate rooms, under the government and instruction of a Master. The girls are also divided into three classes, and each class placed in a separate room, under the care and instruction of a Mistress. The course of studies in each department is adapted to the conditions of the pupils in after life; each sex pursuing all the common branches alike, but the boys taking the more scientific course, and the girls the more literary.

Besides these Day Schools, there are now established for four months in the winter, two *Evening Schools* for males only. Each of these schools contains on an average about one hundred scholars, between fourteen and thirty years of age, who are under the instruction of three male Teachers, a Principal and two Assistants. The course of studies in these Schools is the same as in the Grammar Schools.

Providence Association of Mechanics and Manufacturers.

Annual Election 2d Monday in April.

Henry A. Howland, President; Hiram Hill, Vice-President; Henry Cushing, Treasurer; Samuel Tingley, Secretary.

Select Committee—William W. Burr, Nicholas R. Easton, Gilman Stone, Charles Shaw, Samuel Allen, John Thurston, Samuel Billings, Robert Manchester, John W. Butts, Alpheus B. Southwick, Watson D. Hatch.

Assistants—John C. Jenckes, Enoch Steere, Joel Metcalf.

Wardens—William E. Clarke, Seth W. Shaw, Caleb Arnold, Charles Akerman, Thaddeus Curtis.

Committee to Superintend the Funds and Audit Accounts—George Baker, Barzillai Cranston, Edward P. Knowles.

Messenger—John Clemmons.

Butler Hospital for the Insane.

Incorporated by the State of Rhode-Island in the year 1844.

Benjamin Aborn, President; Alexander Duncan, Vice-President.

Zachariah Allen, Rowse Babcock, John C. Brown, Thomas Burgess, Alexander Duncan, Thomas R. Hazard, Amasa Manton, Robert Rogers, Francis Wayland, Samuel B. Tobey, Trustees.

Moses B. Ives, Treasurer; Robert H. Ives, Secretary; Doct. J. Ray, Superintendent.

Annual meeting of the Corporation is held on the 4th Wednesday of January.

Every person who has already contributed or shall hereafter contribute the sum of $100 to the funds of the Corporation, is thereby constituted a member of the same.

The Butler Hospital is situated in the north-east corner of the city. The grounds embrace 114 acres of land, pleasantly situated upon the Seekonk River.

Application for the admission of patients may be made to one of the trustees or to Dr. Ray. Letters and small parcels for the officers or patients may be left at Abner Gay's, 50 North Main-st.

Providence Marine Society,

For the purpose of promoting maritime knowledge, and alleviating the necessities of marine Captains and their respective families.

John H. Ormsbee, President; Samuel Jackson, Vice-President; Suchet Mauran, 2d, Treasurer; William H. Aborn, Secretary.

Dexter Asylum.

The general superintendence of this Institution is placed in charge of the Mayor and Aldermen, who act as a Board of Overseers. They hold quarterly meetings at the Asylum on the first Saturday of August, November, February and May. They also appoint one from their body weekly, to act as a Visiting Committee for that period, who reports the next succeeding Monday, to the Board of Aldermen, the state of the establishment during his tour of duty. The immediate charge of the house is in care of a Master and Matron, annually appointed by the Board of Aldermen. The present incumbents are Hollis Chaffin and wife. Divine service is performed at the chapel every Sabbath.

The medical department is entrusted to a Board of Physicians appointed annually by the Mayor and Aldermen. This Board at present consists of Drs. Collins and Parsons, who attend the sick quarterly in succession. In all cases of peculiar interest or difficulty, they meet in consultation—keep a record of sickness, a report of which is made to the Board of Overseers at their quarterly meetings; and also, an annual report of the sick during the year, at the meeting of the Board on the 1st Saturday in August. The number of inmates at present in the Institution, is one hundred and thirty-nine.

Ministry at Large.

This Institution was established at the close of 1841. Its object is to provide moral and religious instruction for persons whose wants have not been met by the regular churches of the city. A Free Chapel has been erected on Benefit-street, a considerable Sunday School has been gathered, and by evening Schools, conferences and visiting, the Minister and his Assistants exert an important influence. Rev. Edwin M. Stone is the Minister at Large. He is at his office in the Chapel from 11 to 12, A. M. daily, and his residence is No. 22 Halsey-street. This Institution is supported by voluntary contributions, chiefly from the First Congregational and Westminster Churches, and its direction is entrusted to the care of 12 managers from those congregations.

Rhode-Island Horticultural Society.

Mariner's Church, or Seamen's Friend Society, 52 Wickenden-street.

The mariner's church at the present time is destitute of a settled Pastor, but is supplied with preaching three times on every Sabbath. The congregation is not large, but the principal number of seamen in port attend at this place of worship. The excellenf choir attached to this church, under the efficient charge of Mr. Clarke, adds an additional interest to the services of the sanctuary. The Sabbath school is still sustained here, and is under the watch-care and superintendence of Mr. George W. Guild. The third Wednesday evening in each month, a lecture on Temperance is delivered, and signatures to the pledge obtained.

Rotary, Fletcher's Mill,	——— ———	Richard W. Bush.
Hook and Ladder Co. No. 1,	——— ———	John B. Chace.
Hook and Ladder Co. No. 2,	——— ———	R. Manchester, jun.

By an Ordinance of the City, all the Engine Houses and Fire Apparatus belonging to the same, are placed under the immediate control of the Board of Firewards, subject to such rules and regulations as a majority of them may deem most expedient for the interest of the city.

The Department, at present, consists of 13 Engines, 15 Forcing Stationary Engines, 2 Hook and Ladder Companies, 2 Rotary Engines propelled by steam, and from 20 to 25 Reservoirs. There are about 950 active firemen; about 9,000 feet of hose. The annual expenses are about $8,000. In connection with this Department, is the Firemen's Association, which has paid from its funds, the last year, $700, for the relief of members who have been injured at fires.

Pioneer Fire Company.

The Pioneer Fire Company was incorporated in 1836, and became independent in 1846. Their location is at Nos. 166 and 168 South Main-st.

OFFICERS:

William H. Carder, Captain. William M. Hale, 1st Director; Samuel G. Arnold, 2d Director. Ambrose N. Ferron, 1st Engineer; James Sweet, 2d Engineer. Charles Aplin, Clerk.—Stephen G. Mason, Treasurer.

PROVIDENCE POST-OFFICE.

HENRY L. BOWEN, Post Master.

The Post-Office is very centrally and conveniently located in Union Buildings.

This is a distributing office for all of this State, and a considerable portion of Massachusetts and Connecticut. The business has become large, having very much increased of late, not only from the prosperity and rapid growth of our city, but from the great reduction in the rates of postage. The remarkable increase in the business is fully seen in the fact, that, notwithstanding the reduction in the rates of postage, equal to three-fifths of the former rates, still the receipts are now larger than during the last years of the high rates of postage.

About two hundred mails are received and dispatched daily.

Office hours from May 15th to September 15th, 6 1-2 o'clock, A. M. to 8 P. M.; from September 15th to May 15th, 7 A. M. to 8 P. M. Sundays from 8 to 9 A. M., and from 12 to 1 P. M.

RATES OF POSTAGE.

Letters composed of one or more pieces of paper, but not exceeding half an ounce in weight, sent any distance not exceeding three hundred miles, 5 cents.

Any distance over three hundred miles, 10 cents.

On every additional weight of half an ounce, or any fractional excess of half an ounce, an additional postage according to the distance.

Circulars, handbills and advertisements, printed or lithrographed on paper not larger than quarto post or single cap, folded and directed, but unsealed, 3 cents per sheet, and must be prepaid; when sealed, same as letters. Circulars on sheets larger than cap are rated as pamphlets.

On pamphlets, magazines and periodicals, weighing one ounce or less, 2 1-2 cents per copy, for any distance; and for every additional ounce, 1 cent.

Newspapers, when sent from the office of publication, for any distance not over one hundred miles, or any distance not out of the State, 1 cent; exceeding one hundred miles, 1 1-2 cents.

On transient newspapers, or those not sent regularly from the office of publication, 3 cents must be prepaid before they are put in the mail.

When a circular, pamphlet or newspaper is mailed, it should be so enveloped as to be opened at one end.

CUSTOM-HOUSE OFFICERS.

WILLIAM R. WATSON, Collector, Providence.

James Shaw, *Deputy Collector*, Providence.
Moses Richardson, *Naval Officer*, Providence.
William P. Greene, *Surveyor*, Providence.
John G. Needham, do. at Pawtuxet.
Abraham Thurston, *Clerk*, Providence.
John J. Watson, *Coastwise Inspector*, Providence.
James Brattell, do. do. do.
Ephraim S. Jackson, do. do. do.
Charles Sheldon, *Foreign* do. do.
Robert Purkis, do. do. do.
Jason Williams, do. do. do.
George W. Taylor, do. do. do.
William Holroyd, do. do. do.
Joseph A. Waite, do. do. do.
William Sweet, do. do. at Pawtucket.
Richard U. Rhodes, do. do. at Pawtuxet.
Samuel Jackson, 2d, *Weigher*, Providence.
William E. Clarke, *Guager*, do.
William Burrough, do. do.
James Shaw, *Measurer and Weigher of Foreign Coal*, Prov.
James S. Ham, do. do. do. do. do.
William P. Greene, do. do. do. *Salt*, do.
Joseph Smith, *Boatman*, at Pawtuxet.
William R. Watson, *Agent Marine Hospital*, Providence.
Henry W. Rivers, *Hospital Physician and Surgeon*, Providence.

The hours of business are from Monday to Friday, inclusive, from 9 A. M. to 12 M., and from 1 to 3 P. M. On Saturday from 9 A. M. to 12 M.

NEWSPAPERS PUBLISHED IN PROVIDENCE.

Republican Herald, semi-weekly, by Aaron Simons, 12 Market-square—$4 00; weekly, by do. $2 50 per annum.

Providence Daily Journal, by Knowles & Anthony, 5 Washington Buildings—$8 00 per annum; semi-weekly, by do. $4 00 per annum; and weekly, by do. $2 50 per annum.

New-England Diadem, weekly, by I. Amsbury, jun., Agent, 9 Market-square—$1 50 per annum.

Providence General Advertiser, weekly, by C. Dyer, jun. and Cornelius Jones, 5 Washington Buildings—Gratuitous.

Morning Mirror, by H. Rowe & Co., 25 Market-square—$4 00 per annum, 6 1-4 cents per week.

The Constellation, weekly, by Hill, Murphy & Tillinghast, 15 Market-square—$1 00 per annum, 3 cents each.

Providence Daily Post, by W. B. Sayles and Wm. J. Miller, 15 Market-square—$6 00 per annum; weekly, by do. $2 00 per annum.

The Reformer, semi-monthly, by J. Tillinghast and A. Redlon, 273 High—$1 00 per annum.

MANUFACTORIES, MACHINE SHOPS, &c.

The city of Providence is not so celebrated for the extent of any one branch of manufacturing, as for the variety and quality of the articles manufactured.

The manufacture of Screws is carried on more extensively in this city, than in any other in the United States, the quality of which is superior to any in the market, for which there is such a large demand, it becomes necessary to run their machinery day and night, to supply it.

There are two large establishments in operation in this city, for the manufacture of screws; one located on Stevens-street, owned by the Eagle Screw Co., of which William G. Angell is agent, to which a large addition was built during the last year. It gives employment to three hundred hands, male and female. Two large engines are required to run the machinery, which turns out a large quantity of screws of different kinds Orders are received from all parts of the country.

The other is on Eddy-street, and is owned by the New-England Screw Co. It gives employment to 250 hands, male and female, and turns out a large quantity of screws each week, for which they have an extensive demand.

There are now four establishments in the city, for the manufacture of Butts. One on Pearl-street, owned by the New-England Butt Co. which gives employment to 70 men and boys, and turns out 30,769 lbs. of butts per week. The American Co. employ about the same number of hands, and probably turn out about the same quantity. Those on High and Carpenter streets are doing less business.

The manufacture of jewelry is an extensive and important branch of business in this city. There are about seventy men engaged in the business, who give employment to 1200 men and boys. There is a very large amount of capital invested, which yields a liberal profit to the investers, enabling them to pay a high rate of wages. There is probably no mechanical business that commands a higher rate of wages, when that business is prosperous, than the manufacture of jewelry, although it is subject to more revulsions than many other trades.

There are two establishments in this city for the manufacture of Steam Engines and Boilers, both of which are doing a large amount of business. One is owned by Thurston, Greene & Co. S. Main-st. which gives employment to 170 hands, and has invested $40,000. The engines and boilers manufactured at this establishment have gained a favorable notoriety in all parts of the country. The other establishment which has been recently erected by Corlis, Nightingale & Co., is situated near the Railroad Crossing on Charles-st. a short distance North from Randall's Bridge. It is less than two years since the site on which it now stands was a sand hill some 50 feet high, cov-

ered with a growth of Norway Pines. Our Western pioneers, who build up cities in a few years, would consider the change which has taken place in that vicinity, a specimen of Yankee enterprise exceeding anything with which they are familiar.—The erection of the buildings was commenced about the 1st of September, 1848, and carried forward with energy and perseverance, under the immediate direction of Mr. Corlis, who is admitted to be one of the most scientific machinists and draftsmen in New-England. The adaptedness of every part of each building for the particular purpose for which it was designed, is evidence of architectural talent seldom exhibited.

The main building is 608 feet long, with an average width of 78 feet, covering over an acre of ground. This building is occupied as a machine shop, and for putting up engines. When in full operation, this establishment is capable of giving employment to 400 men. The counting-room is near the center, from which every part of the shop can be seen. The engine and boiler room is 134 feet by 54. The foundry building is 131 by 111 feet, well lighted and ventilated by a continuous tier of windows all around the building. Boiler shop 134 feet by 35. Store-room 110 feet by 40. The building used for a pattern-shop and drawing-room is 124 feet by 54, two stories high, and a blacksmith's shop 100 feet by 64.

This is the largest machine shop in the United States, and the facilities for the manufacture of steam engines are equal, at least, to that of any other establishment within the knowledge of our best informed machinists. Several new machines have been introduced, which are not in use in any of the States, among which is one for cutting cog-wheels, which is capable of cutting a wheel 25 feet in diameter and 20 tons weight, and the conveniences for moving these massive castings such as to enable the workmen to manage them with the utmost ease; a machine for boring large castings; a planing machine which has a bed 95 feet long, and the table for holding the work to be planed weighs about 30 tons.

Cotton Manufacturing.—There are but two establishments within the limits of the city, engaged in the manufacture of cotton cloth; the Eagle Cotton Mill, Olneyville, owned by J. O. Waterman & Co. and the Steam Cotton Mill on Eddy-street. The latter is one of the oldest establishments in the city, having been in operation nearly twenty-five years. It was originally owned, and we think erected, by Mr. Samuel Slater, whose name is connected with the early history of cotton manufacturing in this State.

The main building is 260 feet in length and 50 in width, five stories high. A boiler and picker house, detached from the main building, 45 by 50 feet. The steam is conveyed to the engine, which is in the main building, by pipes under ground. A cotton house 106 by 45, and a small blacksmith's shop and cloth room compose the buildings.

The machinery is carried by a large and powerful engine of

140 horse power, and a small one of about 16 horse power. About 1400 tons of coal is annually consumed in the different departments of this establishment. It is employed in the manufacture of fine shirtings, turning out about 1,800,000 yards per year, of various widths. It has 14,000 spindles, and 350 looms, and employs rising 300 hands, two thirds of whom are females and about one-sixth children. It consumes about 1000 bales of cotton annually.

Notwithstanding the length of time which a large proportion of this mill has been built, such has been the care taken of it, that it has the appearance of a building recently erected. About one third has been added to its length since it was originally built. Mr. J. M. Fisher, its present Treasurer and Agent, has occupied that position about six years, and has secured the respect and esteem of all in his employ. Mr. Samuel Bailey is principal clerk.

Rubber Manufacturing.—There are two establishments in the city for the manufacture of India rubber shoes, coats, travelling bags, &c.; one on Dorrance street, owned and occupied by Messrs. Bourn & Brown, has been in operation for about six years, and gives employment to about from 50 to 60 hands, two thirds of whom are females. The building is about 80 feet long by 40 wide, three stories high, besides the basement.

Messrs. Bourn & Brown have manufactured from 200 to 300 pairs of shoes in a day. Capital employed about $20,000.

California travelling bags are manufactured by them, which serve the double purpose of keeping the clothes from getting wet, and of a life preserver in case of necessity. This establishment is operated by steam, having an engine of about 15 horse power.

Another is on Eddy-street, owned and occupied by I. Hartshorn & Co. This establishment has been in operation about ten years and employs from 150 to 200 hands, male and female.

Planing works and Box Manufactories.—Mason's planing works, situated on the corner of Page and Friendship-sts. has been in operation about ten years. It turns out 40,000 feet of planed boards a week, and 300 boxes. It employs five men in planing and three in the box making department. It is run by a small engine of 20 horse power. This establishment is now improved by Sprague and Luther. W. B. Dean, on Dorrance-st., W. H. Turner, India-st., and Tallman & Bucklin, on Dyer-st., are also carrying on Planing and Box Manufacturing extensively. Medicine and other small boxes are manufactured by Thomas Seekel on Stewart-st.

Lamp Wick and Braid Manufactory.—There is one large establishment situated on Charles-st., and owned by Fletcher & Brother, for the manufacture of Lamp Wicking and Braid. The business is carried on quite extensively, giving employment to a large number of hands.

Machine Manufactories.—There are several establishments in this city for the manufacture of machinery. The most extensive now in operation, is that of Mr. T. J. Hill, known as the Providence Machine Company. It is situated near the junction of Eddy and Hospital-streets, about a mile from the Weybosset bridge. The establishment has been in operation about three years and a half, and has gained a reputation in that time of which older establishments might justly be proud.

The buildings are of brick, and combine permanency and beauty in their structure. The main building is 260 feet in length, 60 feet in width, and three stories high. The building is occupied as an iron and wood machine shop, &c. The foundry is 80 feet long and 60 wide, with an addition 24 by 34 feet. Another building 200 feet long 36 wide, used for a smith shop, &c. Pattern house 96 feet by 36; counting-room 46 by 36 feet. Mr. Hill has devoted his attention more particularly to the manufacture of geared speeders, slubbers and fly-frames, and being himself a practical mechanic of twenty years experience, is enabled to furnish either of those articles, which will compare in beauty and exactness with those manufactured in any part of the world. He also manufactures looms, spinning-frames, dressers, warpers, mules, and machinery and tools of various kinds. He employs from 150 to 200 hands, and turns out about $150,000 worth of machinery in a year.

The "Phenix Company," completed last year, a large and substantial machine shop 200 feet long, extending from Elm to South-st., and 60 feet wide. It is built of heavy stone, and the beams are of large size, hard pine timber. It is two stories high, and has an ell 60 by 30 feet. An engine of 40 horse power has been put in by Corlis & Nightingale, which is exceeded in power by but few in the city. This Company intend to manufacture all the heavy machinery connected with cotton and woolen manufactories, bleach-houses, calico-printing establishments, &c. It is estimated that, when in full operation, 300 hands will be employed in it. They design to commence with all the improvements that have been introduced in machinery, and keep pace with the progress of the age. The Company is composed of some of the most wealthy men in the city, and therefore the fluctuations in business will effect but little the permanent and steady operations of this shop. It is at present under the superintendence of Mr. Elisha Harris, who is one of the right kind of men to secure the respect and esteem of those in his employ.

Franklin Foundry and Machine Manufactory. This establishment is situated on Charles-street, a short distance above Randall-street. It is one of the oldest establishments of the kind in the State, progressing gradually and keeping pace with the march of improvement, until 1836, when the "Franklin Foundry and Machine Co.," was incorporated.

It is employed in the manufacture of all kinds of Cotton Machinery, Calico Printing Machines, Iron and Brass Castings, &c.

It has turned out a large number of Ring Spindle Frames, which are considered of the first quality, as well as every other article of machinery manufactured at this establishment.

The main building is 125 feet by 34, to which they have found it necessary to make an addition of brick, 146 feet by 46, two stories high, with an attic and basement.—The Furnace is 140 feet by 50; Blacksmith and Spindle shop, 80 feet by 28, and another building used for putting up machinery, 100 feet by 30.

There are from 125 to 150 hands employed in the different departments, the most of whom have the reputation of being first rate mechanics, and all of whom must be necessarily industrious and temperate, to be employed by that company.

The mechanical department is under the superintendence and direction of Mr. Albert Briggs, who served a regular apprenticeship at that establishment and has been steadily gaining in the confidence and esteem of the company, as well as all employed.

Mr. Cyril Babcock is Agent for this Company, and Edward Thurber, Treasurer.

Furnaces, Foundries, &c.—The City Furnace, owned by A. C. Barstow & Co. the buildings of which were entirely destroyed by fire about three years ago, have been rebuilt in a neat and durable manner. It is situated on the corner of Point and Chestnut-streets. A large amount of business is carried on at this establishment, and about 125 hands constantly employed.

The Phenix Iron Foundry, corner of Eddy and Elm-street, G. B. Holmes, Agent, is one of the oldest in our city, and is now connected with the Elm-street Machine Shop.

Fuller's Foundry and Machine Shop, F. Fuller, Agent, is an extensive establishment, and in a very flourishing condition. It is situated at 334 South Main, near India-street.

There is also a Machine Shop on Dorrance-street, T. F. Cook, Agent, a Furnace on High-street, Isaac H. Holden, Agent, besides a large number of smaller Furnaces, for iron, brass and copper castings.

Bleacheries.—The Providence Dying, Bleaching and Calendering Co.'s establishment on Sabin-street, the oldest in the city, is large and flourishing, giving employment to a large number of hands. Wm. C. Snow, Agent.

The Canal Bleaching Co.'s establishment on Charles-street is one of the oldest in the city, having been in operation about 18 years. It is bleaching and finishing weekly about 147,000 yards, and calendering and baling about 3500 pieces of brown goods, and about 750 pieces are colored and finished in the same time. About 60 hands are employed, and an engine of 60 horse power required. John Jenks, Agent.

The Valley Bleachery, Olneyville, is a branch of the Providence Dying, Bleaching and Calendering establishment.

Nail and Wire Manufactory.—This establishment is situated on India-street, and employs about 80 hands. It supplies

the wire from which the screws are manufactured in this city, and also turns out a large quantity of wrought nails and spikes, of a superior quality. It is owned by the Providence Iron Co., T. J. Stead, Agent.

Calico Print Works.—The establishment of Philip Allen & Son, for bleaching, calendering, dying and printing cotton goods, is situated at the north end of North Main-street. It is one of the most extensive Printeries in New-England, giving employment to many hands, and printing about —— yds. a day. There is probably no establishment in this country more judiciously and systematically managed than this, or one so little affected by the revulsions of business.

The Woonasquatucket Print Works, near Olneyville, formerly owned by Richmond & Carr, and which originally cost about $175,000, were sold at auction on the 15th of June, for $30,200. They will probably be put in operation in a short time.

Woolen Manufactory.—The only establishment in this city for the manufacture of woolen goods, is that of the Elm-street Manufacturing Co. situated on Elm-st. It employs a considerable number of hands, in the manufacture of tweeds.

Besides those already enumerated, there are employed in this city, most of the time, about 50 Printers, 12 Copper-plate do. and Engravers; 12 Book-Binders; 200 Boot and Shoe Makers; 3 master Boat Builders; 3 Britannia Ware Manufactories; 40 Cabinet Makers; from 300 to 500 Carpenters; 100 Carriage Makers, Smiths and Trimmers; 50 Cigar Makers; 60 Clock and Watch Makers; 10 Comb Makers; 20 Coppersmiths; 20 File Makers; 4 Soap and Candle Manufactories; 60 Pattern Makers; 2 Plane Making establishments; 2 Reed Manufactories; 50 Saddle, Harness and Trunk Makers; 20 Sail Makers; 4 master Ship Builders; 200 do. Tailors and Drapers; 50 Tin Plate and Sheet Iron Workers; 10 Umbrella Makers; 10 Upholsterers; 20 Wheelwrights; 1 Broom Manufactory; 1 Brush Factory; 1 Distiller; 2 Iron Door and Fence Manufactories; 1 Japan Ware Manufactory; 2 Plough Manufactories; 1 Pump and Block Manufactory; and a large number of Patent Medicine Manufactories.

N. B. Since the above was in type, the American Butt Factory has been destroyed by fire; but preparations are being made to rebuild it, and more durable and convenient buildings will soon occupy the place of those consumed.

Stage, Steamboat and Rail-Road Routes from Providence.

STAGES.

From National House, 3 North Main-street.

Bristol and Warren—daily, 9 A. M. 2 1-2, 3 and 6 P. M.

Cranston—daily, 11 1-2 A. M. and 5 P. M.

Chepachet, &c.—daily, 2 1-2 P. M.

Holliston, via West Wrentham, &c.—Tuesdays, Thursdays and Saturdays, 9 A. M.

Hartford, via Scituate, &c.—Mondays, Wednesdays and Fridays, 6 3-4 A. M.

Hartford, via Pomfret, &c.—Tuesdays, Thursdays and Saturdays, 6 3-4 A. M.

Nightingale, via Dyerville—Daily, 10 1-2 A. M. and 4, P. M.

Norwich, South Scituate, &c.—Mondays, Wednesdays and Fridays, 12 M.

Pawtucket and Central Falls—Daily, from 8 A. M. till 6 1-2 P. M. Return, from 7 1-2 A. M. till 5 P. M.

Danielsonville Rail Road Line—Tuesdays, Thursdays and Saturdays, 12 M.

Pascoag and Harrisville, via Allendale—Daily, 2 1-2 P. M.

Pomfret, via Thompson—Mondays, Wednesdays and Fridays, 12 M.

Olneyville—Daily, every hour, from 8 A. M. till 7 P. M. Returning, hourly, from 7 A. M. till 6 P. M.

From Washington Hotel, 6 Broad-street.

Bristol and Warren—Daily, same hours as above.

Coventry, via Stonington Rail Road, &c.—Daily, 4 1-4 P. M.

Warwick, via Cranston, &c.—Daily, 3 1-2 P. M.

From Weybosset House, 78 Broad-st.

Clayville, via Simmonsville, &c.—Daily, 3 P. M.

Fall River and New-Bedford, via Swanzey, &c.—Daily, 8 A. M.

Fiskville, via Natic, &c.—Daily, 3 P. M.

Pawtuxet—Daily, 11 A. M. and 5 P. M.

Wickford, via Pawtuxet—Daily, 3 1-2 P. M.

Warwick and Coventry, via Natic, &c.—Daily, 3 1-2 P. M.

Norwich and Hartford, via Scituate Four Corners, &c.—7 A. M.

STEAMBOATS.

Newport, twice a day, per steamer Perry, direct, at 9 1-2 A. M., and 6 1-4 o'clock, P. M. In Winter, leaves Providence daily.

Newport, daily, per steamer Canonicus, via Bristol and Fall-River, at 7 1-2 o'clock, A. M.

Fall-River, twice a day, per steamer Canonicus, via Bristol and Bristol Ferry, at 7 1-2 o'clock, A. M., and steamer Bradford Durfee, at 3 o'clock, P. M. In Winter, daily, at 2 1-2 P. M.

New-York, daily, at 3 o'clock, P. M., via steamer Bradford Durfee and the steamers Bay State and Empire State.

New-York, daily, at 6 o'clock, P. M. via Stonington Rail-Road and the steamers C. Vanderbilt and Commodore.

RAIL-ROADS.

Boston and Providence—from Passenger Station, Exchange Place, daily, (except Mondays,) at about 3 o'clock, A. M., or on the arrival of the steamboat train from New-York, stopping only at Mansfield. Second train, leaves Providence at 7 45 A. M; third train, at 4 15 P. M., stopping at Pawtucket, Dodgeville, Attleboro', Tobey's, Mansfield, Foxboro', Sharon, Canton, Readville, Jamaica Plain, Roxbury and Boston.

Trains also leave India Point Station, daily, at 7 30 A. M., and 4 P. M., stopping at Seekonk, Perrin's Crossing, Dodgeville, &c.

Taunton and New-Bedford Branch—from Boston and Providence Station, (main building,) Exchange Place, daily, at 7 45 A. M., and 4 15 P. M., connecting at Mansfield. Passengers for New-Bedford, can also take the steamer Bradford Durfee, at Providence, which leaves at 3 P. M., daily.

Providence and Worcester—from Passenger Station, Exchange Place, daily, at 7 30 and 11 30 A. M., and 4 P. M., stopping at Pawtucket, Valley Falls, Lonsdale, Ashton, Albion, Manville, Hamlet, Woonsocket, Waterford, Blackstone, Millville, Uxbridge, Whitin's, Northbridge, Farnum's, Grafton, Sutton, Millbury, Grand Junction and Worcester.

Passengers by the 7 30 train from Providence, can arrive in New-York, via New-Haven, the same evening.

Stonington—from Passenger Station, Exchange Place, daily, at 7 15 A. M., and 4 15 P. M., stopping at Junction, Warwick, Greenwich, Wickford, Kingston, Carolina, Richmond Switch, Charlestown, Westerly and Stonington. Steamboat train leaves Providence at 6 15 P. M., or on the arrival of the same which leaves Boston at 5 P. M., stopping only at Kingston.

New-London, Willimantic and Hartford—from Stonington Station, (west wing,) Exchange Place, daily, at 7 15 A. M., for Stonington, via steamer Alice for New-London, Willimantic Rail-Road to Stafford and Hartford.

EXPRESSES.

Drake's Express from Providence for Taunton, New-Bedford, Nantucket, and all intermediate places, daily, from 22 Westminster-street.

Davol's Express to Warren, daily, from cor. Union Buildings, Westminster-street.

Earle's Express to Boston and East, every morning and afternoon, from 22 Westminster-street.

Harnden's Express from 2 Exchange-street, for New-York, South and West, every evening, per steamboat train, via Stonington Railroad,

Ross's 'Xpress from Providence to Worcester, leaves daily, at 7 30 and 11 30 A. M., 4 P. M. Returns at 7 and 11 A. M., and 4 10 P. M. Offices, 22 Westminster-st., Providence, and 211 Main-st. Worcester.

WINGATE HAYES,

ATTORNEY AND COUNSELLOR AT LAW,

Commissioner of Deeds for the States of New-Hampshire, Massachusetts, New-York and Pennsylvania.

Office No. 1 Drown Block. Entrance No. 13 North Main-street, Providence.

W. HAYES is agent for the State of Rhode-Island of *THE UNITED STATES LIFE INSURANCE COMPANY*, of New-York. This Company, founded on the joint stock and mutual systems, has a cash capital of $100,000 all invested in United States and New-York State Stocks; and, by its charter, it is provided, that whenever the capital shall be impaired 25 per cent. from any cause, the stockholders shall immediately repair the deficiency. The object of the Company is to furnish to the insured all the advantages of Life Insurance upon a basis of absolute security. By paying a small increase of premium, a person may receive the amount of his policy on attaining to the ages either of 40, 50 or 60; or dying, the same will be paid to his representatives. Annuities or endowments granted, and California risks taken.

George L. Collins, M. D., 116 South Main-st. medical examiner.

References.—Messrs. Manton & Hallett, Samuel Boyd Tobey, M. D., Hon. William S. Patten, Gen. Thos. F. Carpenter.

LADIES'
Oyster and Ice Cream Saloon,

Opposite Museum Building,

No. 96 Westminster-street,

PROVIDENCE, R. I.

BEAUTIFUL SKY-LIGHT

DAGUERREOTYPES.

MR. MASURY would respectfully announce to his friends and the public generally, that he has fitted up a beautiful suit of rooms at No. 19 Westminster-street, directly opposite the Post-Office, with a beautiful sky-light, where the rays of light are admitted on an angle of forty-four and one-half degrees from the north, so that, unlike any other sky-light in the city, I have the advantage of the north and day-light combined. As the hall is more spacious, I am enabled to make larger groupes and single pictures, than can be done at any other establishment in this city, and which for beauty and life-like expression of the eyes, cannot be surpassed.

We respectfully solicit an examination of the pictures, and a comparison with those of other artists—particularly of the eyes. No. 19 Westminster-street, directly opposite the Post-Office.

POPE & CUTTER,

MANUFACTURERS AND DEALERS IN

GUNS, PISTOLS, FLASKS, BAGS,

☞ Gun and Lock Jobbing and Bell Hanging, Executed at short notice, at

No. 25 Broad-street, Providence.

WM. R. POPE, E. W. CUTTER.

RHODE-ISLAND
MUTUAL LIFE INSURANCE AGENCY,

OFFICE---13 NORTH MAIN STREET, PROVIDENCE,

WHERE the UNION MUTUAL LIFE INSURANCE CO., with a capital of $100,000, which is being constantly increased by a large and profitable business, still continue to insure lives at their low rates and on favorable terms—guaranteeing to life members a dividend of 100 PER CENT. OF ITS PROFITS. The advantages offered by this Company, to persons holding its Life Policies, over those of the stock or mixed Companies—which divide only a portion (35, 50, 70 or 80 per cent.) of their profits—are apparent from the above announcement. The success of this Company is unprecedented in the history of Life Insurance Companies. It has as yet met with no loss, which is good evidence of the caution and good management of its officers and agents.

DIRECTORS.

ABBOTT LAWRENCE, Boston,	JOHN D. LANG, Maine,
EZRA WHITE, New-York,	CHARLES JONES, Maine,
DANIEL SHARP, jun. Boston,	JOSEPH H. WILLIAMS, Maine,
HENRY CROCKER, Boston,	GEORGE DUDLEY, Conn.
GEORGE C. COLLINS, New-York,	HORATIO HARRIS, Boston,
ELISHA B. PRATT, Boston,	WALTER HASTINGS, Boston,

E. B. PRATT, President.

LOCAL REFEREES.

V. J. Bates, Esq., Providence,	Robert G. Shaw, Esq. Boston,
Dexter Newell, Esq., do.	David Henshaw, Esq., do.
Hon. Alfred Bosworth, Warren,	William Sturgis, do.
Jefferson Borden, Esq., Fall-River,	Charles Sumner, Esq. do.

Directors' Office, 78 State Street, Boston.

The following extract from McMakin's Model American Courier shows with what favor the Company is received in other places.—After citing the case of a clergyman in New-York who had been presented with a life policy of $5,000—[*a like present has recently been made to a clergyman in this city of a life policy in this Company*]—and speaking of the advantages of life insurance in geneal, says—

"Certainly no man of feeling, but should wish to avail himself of an opportunity to make provision for the partner of his bosom, the children of his affection. Since no one is exempt from the fluctuations and reverses of fortune—no one, however wealthy now, should, for a moment, hesitate in making suitable provision against the hour of death; an hour that may come when we least expect it, and are least prepared. * * * * * * * * *

Among the excellent offices now in successful operation, we know of none having stronger claims than the Union Mutual Life Insurance Company of Boston. A list of well known business men appears in its management, at the head of whom is Abbott Lawrence, our Minister to England, who, with other millionaires, gives a character to this Company of the highest order."

Term-rates greatly reduced; travelling limits much extended, and special permits for sea voyages and foreign residences always granted at reduced rates Pamphlets and Circulars will be furnished gratis, and all desired information on the subject given with pleasure, by H. GRISWOLD, JUN., *Agent*, 13 *N. Main-st.*

FIRST PREMIUM,

FOR THE BEST BAR SOAP IN THE UNION !!!

CHEMICAL OLIVE SOAP,

FOR which a SILVER MEDAL was awarded to T. P. MERRIAM, of Providence, R. I, by the American Institute Fair, New-York, October, 1846. It has also taken the first premium from all the other institutions or Fairs in the Union, as the best family soap in use. It washes free and easy in salt, hard or soft water, removes all kinds of oils, paints, tar or varnish, and removes the fulling from flannels and woolen goods of every description, and is superior to any other soap for leather, &c. and is FIFTY PER CENT. CHEAPER. Also, the best article ever used for the skin. Manufactured only by

T. P. MERRIAM,

SMITH-STREET, PROVIDENCE, R. I.

Mr. M. is manufacturing different kinds of this Soap, for manufacturers, &c. Also, an article for farmers to use around their trees, &c. Prices from 2 to 8 cents per pound. Also, extra No. 1, and No. 1 Chemical Family Soap. Likewise, Soft Soap by the barrel, all warranted to wash in salt, hard or salt water.

GARDNER T. SWARTS,

Livery Stable Keeper, Undertaker, Tomb Proprietor,

And Dealer in ready made Coffins, of all kinds and at all prices, near the corner of Pine and Dorrance-streets.

G. T SWARTS is also the proprietor for Rhode-Island, of "GOOD'S PATENT CORPSE PRESERVER," a new and important invention, by which the bodies of deceased persons are preserved for any length of time. By this apparatus bodies are entirely protected from all depredations, thus dispensing with the necessity of night watches. It is particularly useful where the relatives of the deceased are absent, and wish the body kept until they can be present at the interment. A glass is inserted in the lid in the Preserver, through which the features of the deceased may at all times be seen.—Bodies may also be conveyed hundreds of miles in the Preserver, with perfect safety and in a good state of preservation. The subscriber's is the only establishment in Rhode-Island where this valuable article can be obtained. The charge is reasonable.

The subscriber had the Preserver in use all the past season, and in every case in which it was employed, it gave the most entire satisfaction. To those who wish other evidence of its value, the advertiser has been kindly permitted to refer to Dr. L. L. Miller.

The subscriber will sell patent rights for the above. All persons are forbid infringing upon the patent.

N. B.—Robes of the various kinds constantly kept for sale.

PAINTER AND GLAZIER,

HOUSE and Sign Painting, Graining, Glazing and Paper Hanging done in a neat and workmanlike manner, that will give perfect satisfaction.

His Shop, 10 Dorrance-street, is always open from half past 6 o'clock, A. M. to half past 6 o'clock, P. M. Residence, 100 Richmond-street.

LIVERY STABLE.

O. H. KELTON & CO.

BEG leave to return their sincere thanks to the citizens of Providence and vicinity generally, for the generous patronage bestowed on them heretofore, and to state that they have concluded to remain in their old business, and will in a few days open an office in the rear of Aborn Building, a few rods north of their old office, where they will be happy to see and accommodate their old friends, and as many new ones as will give them their patronage. They will be ready at all times to furnish customers with as good horses and carriages as can be found in the city,—having sold only their old stock and replenished with new,—and at prices that cannot fail to be deemed reasonable. Hacking done as usual, and parties supplied with carriages and drivers at short notice.

N. B.—Single and matched horses will be kept constantly on hand for sale. Also, new and second hand carriages of all descriptions.

FURNITURE CHEAP!

The "Old Store" with a New Stock!

TRUMAN & TYLER,

DEALERS in rich and common Furniture, Feathers, Matrasses and house-keeping articles, at the OLD ESTAB, LISHED FURNITURE STAND, No. 109 Westminster-st. directly opposite the Arcade.

Every article in this establishment has been bought recently for *Cash*, consequently is *new* and *fashionable*, and can be afforded at the *lowest market price*. Believing that

QUICK SALES AND SMALL PROFITS!

will be for the mutual advantage of both *buyer* and *seller*, we shall be happy to meet customers on that "platform," and will endeavor to give them satisfaction. We also sell "Needham's Patent Sofa Beds," combining *beauty* with *utility;* being the best article of the kind ever offered to the public, and need only to be seen to be appreciated. Mr. Robert Goodwin still remains at the old stand, where he will be happy to see his friends.

WATCHES FOR SALE.

I WOULD inform my customers, and the public generally, that I have just received a fine assortment of Watches, *selected expressly for retailing*, which will be put in perfect order and regulated for immediate use. They were imported this spring. and comprise the latest styles; part of them are neater than any which I have before offered. Please call at No. 6 Market square, and examine them.

A good assortment of JEWELRY and FANCY GOODS, constantly on hand, for sale low.

The old Store, which I have occupied more than fifteen years, and continue to occupy, has been thoroughly renovated and repaired, with a new front, containing the largest window, I believe, in the city. It extends from the side walk to the ceiling.

The subscriber, (who has had twenty-four years' experience in the business,) *will attend personally* to cleaning and repairing all kinds of Watches. None but the best quality of materials used in repairing.

SAMUEL H. WALES, No. 6 Market square,
PROVIDENCE, R. I.

AMERICAN and Foreign Marble Mantels, Monuments, Head-stones, Cabinet Slabs, Tile for Floors, &c., of the finest polish and most approved designs. Marble, Soapstone and Freestone for Buildings. Also, in Block and Slab.

FIRST PREMIUM RANGE!

HOT AIR RANGE.

STIMPSON'S RADIATING and HOT AIR RANGE,

Long well known, now greatly improved, newly patented, and of entirely new patterns, after a fair trial and examination by the judges at the last Fair, again received the HIGHEST PREMIUM, (a Silver Medal,) thus proving, (what we have always asserted,) that it is *still* the BEST RANGE. The principal difference between this and our old Range, *and all other Ranges*, is in the peculiar manner by which the three flues, while they are all separate, so that either one or all may be used at pleasure, are all carried to the oven, causing it to bake more equally, without changing the articles while baking, and with much less fuel;—and it is not necessary in this, *as it is in some other ranges, to close the oven flue, in order to make the other draw.* This arrangement is entirely new. We obtained a Patent for it last spring, and have put up many of them since, in many cases for persons who had used other ranges—*and even our own of former patterns*—and all bear testimony to their superiority. HOT AIR FIXTURES, to heat an additional room, so arranged as to prevent the possibility of the gas and smell of the kitchen from getting into the air-chamber, and a BATH BOILER are added when required.

The above, of various sizes for families, boarding-houses and taverns, are for sale by H. F. STIMPSON,

Corner of Congress and Water-streets, Boston.

Also for sale at the manufacturers' prices, by the subscribers, Nos. 40 and 44 Broad-street, Providence.
